

BHS-210D Horizontal Duplex Flat Pouch Packing Machine

BHS-210D is specially designed for small and medium-sized flat bags, and can produce two bags at a time, doubling the production capacity. The packaging capacity is 150ml. Three-side sealing or four-side sealing can be selected according to customer needs, or the shape of the edge sealing. It is often used to package cosmetics, insecticide powder, medicines, etc.
