

SF-G1 Automatic Bottle Jar Dry Fruit Peanut Cashew Nuts Filling Machine

Granule filling machine is suitable for filling nuts, cashews, pistachios, dried fruits, dried vegetables, candies, beans, grains, oats, tea, scented tea, puffed food, quick-frozen food, hardware accessories, etc.

The automatic granule filling machine is suitable for filling nuts, cashews, pistachios, dried fruits, dried vegetables, candies, beans, grains, oats, tea, scented tea, puffed food, quick-frozen food, hardware accessories, etc.

Features

1. The overall appearance material is mainly made of stainless steel 304, which is corrosion-resistant, easy to clean and maintain, and more durable.
2. It adopts a multi-station turntable design to buffer and synchronize vibration during unloading, effectively increasing the filling speed and preventing material clogging.
3. Equipped with multiple electric eye sensors, it can achieve no filling without bottles and no filling without materials.
4. If you need to change the height of the jar, you don't need to change accessories, just shake the hand wheel, which has a wider range of applications.

Specification
