

JS-10 Automatic Quantitative Granule Filling & Packaging Machine (Servo Type + Touch Panel)

Machine Features:

- Servo Motor control for ease & efficient packaging works.
- 90% setting are through touch panel for user friendly operation.
- Touch panel enable to set up: cutting mode (eye mark cutting or length cutting), packing speed, counter, quantity warning, sealing temperature, packaging data memory...etc.
- Auto detect function with quick trouble shooting display.
- Multiple memory programs to record packaging data.
- All component in direct contact with product are made with SS304 or food sanitary standard.
- Individual temperature controller with PID function for each sealing part.
- Bag width is adjustable by changing bag former guide.
- Bag length is setting through the panel directly.
- Machine build by iron cast with stainless steel frame.

Optional Device:

Date coder, level indicator, input/output product conveyor, nitrogen air connector, height adjustable dish and other required device upon request.

Applicable Products:

Various powder & granule, such as: tea, 3 in 1 coffee, coffee bean, milk tea powder, herbal tea, peanuts, chocolate ball, crackers, pet food...etc.

Applicable Film:

Heat seal suitable filter paper, double layer heat sealable laminated film, such as: PET+LLDPE, PET+MPET+CPP, PET+PE+AL+LLDPE, Nylon+LLDPE...etc.

Technical Parameters

Sealing Style	3 sides, 4 side or pillow type packaging(one option)
Motor	Servo Motor
Power	220V, 50 or 60 Hz, single phase(upon request)
Film Width	60-160 or 80-220mm
Bag Length	50-200mm
Filling Weight	1-10g / 10-30g / 30-60g / 60-100g (varies with product density)
Packaging Speed	About 20-90 bags /min
Machine Dimension	75 x 60 x 175cm(L x W x H)
Net Weight	350kg
