

LDSP-160/LDSP-210/LDSP-260 Automatic Mayonnaise Paste Sauce Horizontal Premade Pouch Doypack Packing Machine

it is designed for filling liquids and pastes of any fluidity in various industries, such as mayonnaise, ketchup, syrup, peanut butter, chocolate sauce, juice, shampoo, pizza sauce honey, jam, paste, oil, hand sanitizer, etc.

Features:

1. Different machine models available to meet a wide range premade bag size.
2. Customized main machine structure for various kinds of bag shape. Like doypack zipper bag, 3/4 side seal bag, spout pouch, stand up bag and irregular bag, etc.
3. With upgrade PLC control system, easy for operation on touch screen of parameter setting.
4. Machine can equipment with different metering system like weigher, liquid pump, auger filler, bucket chain for different kinds of product filling and packing in premade bag.

Specification:

Model	LDSP-160	LDSP-160Y
Bag Size	110-230mm*80-160mm(L*W)	70-100mm*110-230(L*W)
Filling Range	10-100 g	10-100 g
Bag Type	3-side sealing bag, 4-side sealing bag, stand-up bag, handbag, zipper bag, compound bag, etc.	
Speed	20-45bags/min	25-50bags/min
Total Power	2.0 KW	
Machine Weight	800 KG	
Dimension	1750*1285*1360 mm (L*W*H)	
Work Flow	1. Giving bag 2. Pick up the bag(coding) 3. Open the bag up and down 4. Filling 5. Heating sealing 6. Output of product	
Collocation	Screw Metering, Screw Elevator	

Model	LDSP-210	LDSP-260
Bag Size	100-210mm/110-320mm(L*W)	100-260mm/110-320mm(L*W)
Filling Range	10 g - 1 kg	10g-3kg
Bag Type	3-side sealing bag, 4-side sealing bag, stand-up bag, handbag, zipper bag, compound bag, etc.	
Speed	20-50bags/min	20-50bags/min
Total Power	2.0 KW	
Machine Weight	900 KG	1000KG
Dimension	2140*1366*1360 mm (L*W*H)	
Work Flow	1. Giving bag 2. Pick up the bag(coding) 3. Open the bag up and down 4. Filling 5. Heating sealing 6. Output of product	
Collocation	Screw Metering, Screw Elevator
