

HP-320F Horizontal Compact Flow Wrapper

The HP-320F Economy Packaging Machine is an entry-level model in the packaging machine series. Featuring a simple, lightweight structure and a budget-friendly price, it is the most compact machine in its category. It is recommended for single-product packaging or small-scale product packaging needs.

Features

- Compact construction for reducing space and cost requirement.
- Bag length is easy adjusted by the indicator.
- Equipped with precision photocell sensor for tracing control.
- Auto-stop for out of film.
- Efficiently working performance and labor saving.
- All product-contacted areas are in stainless steel or plastic construction.
