

JT-210D Card and Paper Plastic Bag Pagination Labeling Machine

The JT-210D is designed for top labeling on soft flat products, such as plastic bag, foil bag, paper, paper box, etc. It can be incorporated with a line or individually. Machine paging automatic one by one.

Technical Parameter:

Label width	10-130mm
Label length	30-400mm
Labeling speed	0-150 bags/min
Labeling accuracy	±1mm
Power supply	600W, 110V/220V
Label reel inner diameter	76mm
Label reel outer diameter	360mm
Net weight	200kg
Machine size	2000×850×1400mm (L×W×H)
Control system	Japanese Mitsubishi PLC
