

Automatic 6 Heads Servo Motor Tomato Paste Liquid Piston Pump Shampoo Jam Hot Sauce Filling Machine

This automatic filling machine is equipped with following filling nozzles, they will follow the moving bottles and finish filling work during transporting. This can improve working efficiency greatly. It is good for cosmetics industries, daily chemical industries.

Main Feature

- ▶ Enter certain number to set filling volume, it has high filling accuracy.
- ▶ Equipped with following filling nozzles, these improves working speed.
- ▶ Can work with automatic capping and labeling machine to realize automated production.

Parameter

- Voltage: 110/220V 50-60HZ
- Machine power: 6KW
- Filling range: 5-100ml/10-300ml/50-500ml/100-1000ml
- Filling pump: Piston Pump
- Bottle height: 40-250mm
- Bottle diameter: 30-100mm
- Working speed: 40-80 bottles/min
- Package size: About 2210*1260*2220mm
- Package weight: About 950kg
