

Automatic Collation & Shrink Wrapping Machine

Features:

Automatic Collation
Low film consumption - Cost saving in lower film consumption
Customized infeed and collection
Gives a transparent good looking packing

Technical Specification:

Air Pressure	0.6 Mpa
Air Consumption	180 L/Min.
Sealing Temp.	Normal ~2000C adjustable
Sealing Time	0~2 Sec
Oven Temp. Normal	~2000C adjustable
Noise	< 65db
Total Power	10kw
Dimensions	2880 x 850 x 1950 (L x W x H)
