

## *Automatic Sticker Labeling Machine ES-WL*

Be suitable for single or double labeling on the round bottles or conical bottle of red wine, white spirit, fruit vinegar beverage and health wine.

### **Functions and features:**

Can conduct sentinel and non-sentinel labeling on round and conical bottle.

Single header paste two pieces labels, front label and back label need to make in a roll; if there exists big difference between the two labels' height, it will waste too many labels. If make the label into two rolls, front and back labeling can be finished twice labeling, it costs labor seriously.

Controlled by Chinese and English touch screen, simple and easy to operate; can reserve 50 groups parameters, no need to reset parameters when change the bottle.

Use the servo motor turntable point bottle positioning labeling, the positioning labeling speed will be fast and the accuracy is high.

### **Technical parameters:**

- The diameter of object being pasted: 20-120mm
- Labeling accuracy:  $\pm 1.0\text{mm}$
- Application scope of label size: height 15-140mm; length 20-300 mm
- Labeling speed: more than 50 bottle per minute
- Rated voltage: 220V/50HZ
- Total power: 1.1KW
