

TB-300 Automatic Single and Double Side adhesive Labeling Machine

The production line is mainly used for single and double side sticker labeling. After a round bottle matching device. Can simultaneously solve the self-adhesive labeling round bottle surface.

Mainfeatures:

1. Accurate label position, fast speed and high labeling precision. Machine has function of no product no labeling and automatic detection.
2. Running in a high automatization and intellectualization, no pollution
3. Adopting advanced world famous brand components in pneumatic parts, electric parts and operation parts.
4. Simple structure in linear type, easy in installation and maintation.

Technical Parameters:

Production Speed	≤ 10000b/h
Label Size	L20-300 mm . W10-180 mm
Labeling precision	±1mm
Reel Inner Diameter	Φ 70-80 mm
Power Supply	AC220V.50/60 hz
Power	1.2 kw
Weight	~ 400 kg
Machine Size	2400 x 850 x 1600 mm
	(LxWxH)
