

Semi Automatic Nut Bean Granule Weighing Filling Machine SBM-FML02/04/06

Semi Automatic Nut Bean Granule Weighing Filling Machines manual Grain electric scale Filler Weigher with bucket elevator materials feeding system.

The semi-automatic granule packing machine applies to snack food, hardware, MSG, chicken essence, seeds, pesticide, fertilizer, rice, veterinary medicine, feed premix, additives, detergent powder, and other granular, powder quantitative packaging materials.

Features of granules packing machine semi automatic:

1. The semi-automatic granule packing machine high precision digital sensors that can realize precise weighting soon;
2. The microcomputer control system, advanced technology, simple operation, reliable;
3. Semi-automatic granule packing machine uses speed vibrates feeding system, automatic revision error; realize high precision for packing;
4. Two weighters or four weighters, work in turns, fast packaging;
5. Material contact part of semi-automatic granule packing machine adopts the high quality stainless steel, corrosion dustproof easy to clean;
6. Strong compatibility, semi-automatic granule packing machine could work together with the other equipment, such as the granule elevating machine, bag sealing machine.

Technical Info

Model No.	SBM-FML02	SBM-FML04	SBM-FML06
Weighter number	double	four	two
Packing specification	50-2000g	50-2000g	5-15kg
Packing speed	1200-2000bags/hour	1800-2500bags/hour	400-600bags/hour
Accuracy grade	±1	±1%	±1%
Power and volt	AC220V 50Hz 500W	AC220V 50Hz 500W	AC220V 50Hz 750W
Total weight	100kg	180kg	300kg
Overall size	600*600*850mm	1200*600*900mm	1200*1200*2400mm
Packing container	plastic bags, fabric bags, paper bags, wide-mouth bottles, .etc.
