

## *XT-DLD1 Automatic Filling Machine for Milk Powder*

1. It can be designed as semi-automatic packaging equipment or linear-structure or rotating disc type automatic packaging production line.
2. It is applicable to packaging of powder materials and fine particles.
3. Stock bin is horizontally start-up and can be disassembled for cleaning without tools.
4. Servo motor driven screws, PLC and touch screen control system.
5. By changing screws, it can be used for measuring different weights, and the accuracy requirement can be changed as well. It is applicable to various kinds of powder materials.
6. It can be equipped with a loading machine as required.

### **Product Details:**

- Model: XT-DLD1
- Capacity: 30-60 bottles/min.
- Material: 304 SST
- Package weight: 10~5000g
- Packaging accuracy:  $100\sim 500g \leq \pm 1.5g$
- Total power: 2.3KW
- Power supply: 380V, 50-60Hz
- Weight: 280KG
- Dimension: 850(L)\*1200(W)\*1800(H)mm
