

## *Coffee Bean Packaging Machine XY-70BK*

This automatic granule packing machine is equipped with a microcomputer control system with English display and a smart temperature controller to ensure beautiful and smooth seal.

May automatically complete such discontinuous operations as measuring, filling, bag marking, counting, printing etc. Lower consumption, high efficiency, safety and cleanness, it's an ideal equipment which can be used for packing food, tea, herb, dry powder, granules, seeds, grain, wheat, beans, small hardware and components etc.

### **Applicaton:**

Suitable for tea, food, food, seeds, fruit, grain shape chemicals and pharmaceuticals, micro and small components such as general non-sticky solid materials.

### **What is the feature of our coffee beans packaging machine?**

1. Full stainless steel or stoving varnish, food grade and energy saving.
2. Microcomputer control can do fully automatic packing and more precise and fast.
3. Double vibration device, it's good for packing almost all kinds of powder or granule.
4. Divided design, high efficiency, low noise equipment, running smoothly.
5. Easy to operate, filling weight can be set directly on display.
6. Coiled material: plastic fim, laminated film, aluminum foil and other compound materials which can be heat sealed.

**Technical Parameters:**

<b>Model</b>	<b>XY-70BK</b>
Type:	weighing,filling and packing
Filling Range:	3-150G
Filling Speed:	30-60 sachet/Min
Packing Sachet Size:	width 3-14cm / lenght 3-18cm
Packing Accuracy:	±1%
Available Coiled Material:	plastic film,filter paper,aluminum foil,laminated film,non-woven fabrics etc
Power Supply:	AC220V 50Hz 1.9KW
Dimension(cm)	900x700x1700MM (L*W*H)
Weight:	400 KGS
