

Fully Automatic Noodle / Spaghetti Filling Packing Machine BJWD-CLKZQZD-100

Contains:

1. Packing machine: one set
2. Conveyor line: one set
3. Mixing device: one set
4. Heaping device: one set
5. Accelerating device: one set
6. Blank conveyor line: Three sets
7. Hoist engine: eight sets
8. Bundling line: eight sets
9. Weighing line: eight sets

Application:

Automatically finish the process of weighting, outputting, filling and sealed packing of the Spaghetti, pasta and other noodle

Technical Parameters:

Object	Noodle, Spaghetti
Length of the noodle	180-260mm
Thickness of the noodle	0.6~1.4mm
Width of the noodle	0.8~3.0mm
Packing rate	30~45 bags/min
Weight range	300-1000g/bag
Inputting method	Digital input
Variable setting	0.1g
Exact tolerance	50-150g , $\pm 2.0g$ -96% 200-300g, $\pm 3.0g$ -96%
Size	15000*4600*1750mm
Voltage	AC220v/50-60HZ/13KW
