Technical specification:

Model	DF-04
Output	1200-1800pcs/h (can customized different model)
Voltage	AC 220V / 50HZ
Power	1750W
Mold	1 time fill 4 cups
Capping film	Rotary film/ pre-cut lid
Film material	PE,PP,PET
Sealing temperature	0-300°C
Air Consumption	0.6Mpa
Dimensions	According customized capacity
Weight	According customized capacity
