

720 Chocolate Packaging Machine

The machine is suitable for automatic packaging of popped food, dry fruit, candy, biscuit, deep-frozen food, roasted nuts, seeds and other granule materials.

Packaging & Delivery:

1. The machine will be packed in a wooden case, avoiding unexpected damage.
2. The machine will be shipped from Shanghai port.

Service:

1. Along with the separate machines, our company also has an ability to deliver integrated solutions for the manufacture of the chocolate product.
2. Engineers are available for traveling to the customer's site overseas, in order to launch and maintain machines, as well as to provide a team training at the customer's location.
