

Automatic Top & Bottom Labeler

We provide highly efficient labeling machine that provides labeling on top and bottom surface at one time. It is a cost effective automatic top labeling machine which has powerful servo head and removes many bells and whistles. It has speed of over 100 per minute for labelling. This machine is equipped with label dispense head that provides accurate output.

Features

- Stepper Motor for fast and accurate labeling performane
- In Line Application or Independent Operation
- Optium Sensing System offer the most accurate position
- Auto label set and positioning6 speed selection of labeling and conveyor
- Two Copies applicators Height and angle adjust by easy handwheel
- Controlled by Microprocessor, LED display
- Encoder Technology Fully Synchronizes Conveyor with Dispensing
- Customized Conveyor by Product size
- Sanitary Stainless Steel Frame
- Heavy Duty Construction

Specification

- Stepper Motor Driven
- Labeling Speed : 30~80 pcs/ min
- Accuray : ± 1 mm
- Label Length : 10~250 mm
- Label Width : 10~100mm
- Label Roll : Inner diemeter 75mm Outer diemeter 300mm
- Power : Single Phase 110/220VAC, 50/60Hz
- Product Dimesion : (L)1900mm (W)840mm (H)1423mm
