

Semi Automatic Shrink Sleeve Labeling Machine

Semi-auto shrink sleeve label Machine is suitable for various shapes of bottle like round, square, flat bottle and special-curve bottle. High and stable mechanical structure of the whole shrink sleeve labeling machine with stainless steel protection box cover and aluminum alloy rigid frame, adopts the water-proof design with the convenience of easy operation and low maintenance. solid doesn't rust. Exclusive design: reciprocating cutting knives, adopt high technic, rigid body movements smoothly.

Technical Parameters

Model	RM610
Application	Juice, beverage, non-carbonated drinks, tea drinks etc.
Production capacity(500ml)	9000 bph
Suitable bottle specification	Volume=100-1500ml
	Diameter φ =50-100
	Bottle height H=150 ~350mm=50-110
Bottle type	PET bottle / Glass Bottle
Machine material	Food stage SS304 OR SS316
Steam Temperature	170°C
Efficiency	Up To 98%
Dimension	680*600*1060mm
Weight	130KG
Certificates	CE / SGS / ISO 9001/CCC
