

WB-2518J Automatic Olive Oil Bag Liquid/Sauce Sachet Packing Machine

This machine is widely used for filling and sealing tomato sauce, honey, oil, ketchup, mayonnaise, yogurt, face cream, hand sanitizer gel sachet, shampoo, liquid detergent, hand lotion, etc.

Machine features:

1. This machine can finish this work automatically: measuring-making bag-coding (option)-filling-gas injection (option)-sealing-counting.
2. Computer/PLC control system. Photoelectric tracking, which improve the control precision, reliability and intelligence at the maximum limit.
3. Has fault display system, easy to operate and maintain.
4. Make hole punching blade after customer's special request.
5. Full stainless steel or carbon steel machine body for choice.
6. This machine can be installed to code printing machine for 1-3 lines, such as production and expiry date.

Technical Parameters

Model	WB-150J	WB-150SJ	WB-280J
Packing Speed	30-80bags/min	60-160bags/min	30-50bags/min
Packing Range	5-200ml	5-200ml	10-350ml
Film Width	280mm	280mm	280mm
Bag Size	L:50-150mm, W:15-130mm	L:50-150mm, W:15-130mm	L:50-280mm, W:15-130mm
Packing Accuracy	≤ ±1%	≤ ±1%	≤ ±1%
Power Supply	1ph 220V, 50/60Hz	1ph 220V, 50/60Hz	1ph 220V, 50/60Hz
Power	1.6KW	3.2 KW	1.6KW
Net Weight	260kg	520kg	300kg
Overall Dimension	L900× W680 × H1800mm	L1800× W680 × H1800mm	L800× W680 × H1950mm
