

## SP-5314S Code Printing Labeling Machine

### Features

1. The label content design is simple and convenient, the software is powerful and easy to operate.
2. The label printing accuracy is high, the speed is fast, and the printing effect is comparable.
3. Pneumatic components from famous factories, flexible labeling arms, adapt to various environments.
4. PLC microcomputer program control, printing and labeling actions are fully automated.

### Technical Parameter

- Printing speed: 254mm/sec
- Printing accuracy: 300dpi
- Printing width: 104mm
- Paper width: 114 mm
- Printing length: 1245 mm
- Standard interface: serial and parallel
