

CPTAVC - 80 Linear Type Air Jet Cleaning Machines

Chamunda Pharma Tech is one of the most reputable designers and manufacturers of Linear Type Air Jet Cleaning Machines in India. Over the years, we have developed numerous high-end Linear Type Air Jet Cleaning Machines that are used for diverse applications. Our products are known for their rigid construction and superior robustness. These machines can be easily used for bottle lines. Our machines come with stationary SS nozzles and SS pressure gauges. They are also equipped with the features of vacuum cleaning and positive air pressure. The best thing about our machines is that they are perfectly user friendly which means that you can easily customize them for your own needs.
