

GTP-1000 Semi-auto Gable Top Carton Filling Machine

This equipment is used for packaging liquid drinks including fresh milk, fruit juice, acid milk product, etc. The production capacity is 1000box/h. The pack is 250-1000ml standard gable paper box. The main characteristic of this equipment is: high adaptability, little investment. The machine is of convenient operation and stable function, which is the best choice of drinks industry for high grade package improving of the image and enlarging the sales market.

Parameter:

ITEM	GTP-1000
Production Capacity	1000box/h—250 or 500ml
	500box/h—1000ml
Air Consumption	85psi/7bar, 2.5scfm/65lpm
Cooling Water	50f/10°C, 2.0gpm/7.6
Power	22kw
Control Method	Semi-automatic electric control
Dimension	3500×1500×2800 (mm)
Weight	2440kg
