

VCX-8Z Automatic 8 Heads Screw Thread Cap Capping Machine

VCX-8Z Automatic Eight Heads Screw Thread Cap Capping Machine is an ideal packaging machine for agrochemical, pharmaceutical, chemical, foodstuff and cosmetic industries. The max capping speed can reach 150 bottles/min.

Features:

1. The pressed cap by the machine is good in sealing performance, and is convenient to open
2. Cap sorting applies electromagnetic concussion in order to protect aluminum cap from being damaged.
3. It is accurate and fast in sorting caps.
4. The hobs are made of specific materials with clean appearance and are wear resistant. The screw is clear and fine after sealing.
5. The sealing speed is adjustable and is high in qualification rate.
6. The surface is made of high-quality stainless steel.
7. It can be adaptive to different conditions to work and is fine in appearance.

Technique Parameter:

Machine Dimension (L×W×H)	1700mm x 1400mm x 1700mm
Cap Application	Aluminum cap
Bottle size	diameter:Φ20 mm—Φ50 mm height: Φ80 mm—Φ150 mm
Diameter of bottle mouth	Φ18 mm—Φ26 mm (need to change capping head)
Power of main frame	1.5Kw
Powder supply	220V
Number of capping heads	8heads
Production capacity	9000b/h
Weight	800kg
