

QNM-2000 Vertical Packaging Machine

- Light solids: biscuits, cakes, candies, dry fruit, snack
- Granule objects: beans, peanuts, tea, coffee, medicine, seasoning, frozen-food, seeds
- Powder: wheat flour, sugar, salt, washing powder, medicine powder
- Others: industrial parts, chemical products, stationary

Main technical data:

- Capacity: 25 to 70 bags/minute
- Width of packaging film: 185 to 400
- Package length: 80 to 350mm
- Power consumption: 2.5kw, single phase
- Air consumption: 200L/min
- Net weight: 600kg

Optional equipments:

- Automatic weighing machine
- Product discharging conveyor
- Various automatic feeding equipments
- Coder
- Air filling device
