

SF-220L Small Liquid Packaging Machine

Automatic small liquid packing machine is suitable for pharmacy, food household chemicals, pesticides and the plastic products and other troche or grain materials, such as shampoo, body foam oil grease, cosmetics, pharmacy chemical fertilizer seasoning oil, chile sauce, ketchup, etc.

Features:

- Automatic liquid packing machine can finish the process like conveying bag, bag making filling, weighing, sealing, cutting, counting, lot number, etc.
- Bilingual display screen control system, stainless steel cabinet. Set up the required data(include filling, weighing bag size, etc) in the visuable settings, the control system automatic optimization match with all the program so that achieve the best packing speed precisely.
- Stepper Motor control, this system has the advantage of precise, needless to adjust the other parts, and a coup sur.
- It has color system controller, so that can get the complete trade mark design.
- Suitable for the complex film and tin foil and other packing material. Fine packaging performance, low noise, clear sealing texture and strong sealing performance.

Technical Parameters:

Model	SF-220L
Max width of roll film	≤220mm
Bag sizes	L:40-150mm, W:30-100mm
Packing Speed	5-60/bags/min
Measuring range	50-300ml
Packing material	OPP/ CPP, OPP/PE, PET/PE
Power and voltage	AC 220V, 50/60Hz, 1.2kw
Total weight	350kg
Dimension	(L)1000×(W)800×(H)1900mm
