

APC-48 Brand New Simple Operation Tablet Counting Machine

This pill counter machine is the important equipment for the production line of vial solid preparations. It is used for counting and split charging of the tablet including the shaped tablet, hard capsule, soft capsule (various shapes, transparent, nontransparent) and pill. It is able to combine with the vial distributing machine, paper stuffing machine, desiccant inserter, cap screwing machine, electromagnetic induction foil-sealing machine and self-adherence labeling machine to form full-automatic high-speed bottled production line. It has been widely used in the industries such as pharmacy, food, chemical engineering, etc., It is fully conforming to GMP certification requirements.

Features:

- Wide applicability, electronic tablet counter used for tablets (including abnormal tablets), capsules, gels (including abnormal gels, transparent gels and opaque gels) pills and most solid granules.
- 48 tunnels vibration feeding, special patent filling part, feeding evenly, no breakage of the material
- Anti-dust, using our own original high anti-dust sensor technology, the electronic tablet counter works accurately with good stability in heavy dust conditions.
- Count accurate: photoelectric sensor automatic counting and bottling error is less than the national standard
- Hopper mouth of the special structure, to prevent the materials jam, small mouth bottle can quickly bottling. (Optional)
- High-degree of electronic tablet counter, no bottle will not count and fill. Automatically remove bottles of filling abnormalities and a certain size broken tablets. Self-diagnose errors and stop working to make alarm at errors.

- Supporting functions: lack of bottle of photoelectric sensor automatically detection, automatically stop
- Easy to operate: Using intelligent design, in Chinese or Chinese-English menu, various operation parameters according to the need to set, can store 10 groups set parameters, in order to use
- Easy to Maintenance, workers can work with simple training, easy to remove, clean, change parts, and no need tools
- Sealing dust proof, with dust-remove box, reduce dust pollution. (Optional)
