

Tablet Packing Machine

We are one of the chief Tablet Packing Machine producers in India. We with the help of our experts examine our products with all crucial parameters to ensure that our product performs remarkably with ample speed and is energy efficient. Our products are well appreciated by our clients for their prominent features like good functionality, simple installation and very low maintenance. We customize our Tablet Packing Machine according to the specifications of our clients. We manufacture our products using high-grade components in compliance with international quality standards. We are very much preferred in the market because we provide reasonably priced quality products.

Features:

- Accurately manufactured
- Sturdy and durable machines
- Excellent performance
- Easy installation
- Low maintenance
- Quality reasonably priced

Applications:

This machine is employed in pharmaceutical Industries for packing tablets.

Technical Specification:

Power consumption	500W
Voltage (V/Hz)	220/50
Sealing Material	Suitable for all kinds of plastic films & Any heat sealable laminate/Non laminate
Film Thickness (mm)	0.08
Sealing Size	6 to 10 mm
Height of Container	40 ~ 300 mm
Net Weight	180kg. Approx.
Temperature range (° C)	0 ~ 300
Distance from the sealing center to the conveying table (mm)	10 ~ 40
Conveyor size (L x W) mm	840 x 153
Overall Dimension (L x W x H)	840 x 380 x 270
