

## Automatic tube filling machine RGF Series RGF-100Y

Automatic Tube Filling and Sealing Machine applies for production in cosmetic, light industry (daily use industrial goods), pharmaceutical and food industry, etc. It can fill material such as grease, ointment, gel and sticky fluid extract into tube, then seal the tube end, stamp number and discharge finished product.

Technical parameter:

<b>Model</b>	<b>RGF-100Y</b>
Usage	Metal tube
Working Capacity	30-80 pieces per minutes
Filling Volume	2 ~ 250ml
Filling Error	$\leq \pm 0.5\%$
Tube Diameter	10-55mm
Tube Length	50-220mm
Working air pressure	0.60MPa
The power of main motor	1.5kw
Size	2270mm×960mm×2100mm
Weight	1250kg
