

Three-Sided Labeler (For Square or Flat Bottle) NLD-3053

Three-sided labeler for square or flat bottle Controlled by microprocessor for easy operation. Equipped with emergency button for safety concern. Control labeling progress by LED screen and electronic technical system..

Features:

1. Controlled by microprocessor for easy operation.
2. Equipped with emergency button for safety concern.
3. Control labeling progress by LED screen and electronic technical system.
4. Automatic direct system and spacer assures smooth bottle transportation.
5. Durable imported conveyor belt with condensed design can be customized.
6. Corner turning system automatically smoothes label to each side of the bottle.
7. Storage of different sets of parameters prevents the inconvenience of resetting.
8. Made of stainless steel and aluminum alloy for easy maintenance and longevity.
9. Specifically selected sponges flap labels after labeling to make labels adhere perfectly.
10. Passive top belt is driven by motor in accordance with conveyor belt for specific labeling.
11. Label sensor precisely detects the location of labels and product and increases accuracy.
12. Driven by stepping motor and the labeling height and angle can be adjusted by products.

Specification:

- Speed: 40 pcs/min
- Accuracy: ± 1 mm
- Label size: (L) 20-300 mm x (W) 10-100 mm
- Total length for labeling: 20-300 mm
- Fit paper roll Inner diameter: 75 mm
- Outer diameter: 280 mm
- Labeler dimension: (L) 2400 mm x (W) 1200 mm x (H) 1500 mm
- Power supply single phase: 110 or 220 VAC. 50/60 Hz

Option Accessories:

- Transparent label sensor
- Date coder
- Pneumatic wrap station
- Automatic feeding turntable
- Mitsubishi servo motor
- Stainless cabinet
