

Mini Automatic Liquid Doypack Stand up Pouch Filling Sealing Machine YLM-PM2S-GS300D

This Automatic Mini Stand up Pouch Liquid Filling Sealing Packing Machine is a low cost mini doypack packaging machine (mini pick fill seal machinery).

Introduction:

- The Mini Automatic Liquid Doypack Stand up Pouch Filling Sealing Machine is for packaging liquid products or paste products into premade stand up pouches or premade bags.
- It can do filling and sealing for such bag types as doypack, spout pouch (with nozzle or cap in the corner of the pouch), four sides sealed bag, etc.
- This mini premade stand up pouch filling and sealing machine is composed of a dosing & filling pump, a liquid material hopper and an automatic doypack pick fill seal machine.
- It does material dosing and filling (by pump), premade bag picking up, opening, filling and sealing fully automatically with a packing speed of 5-12pcs per minute. Functions of date printing, zip opening and euro hole punch are optional.
- Easyrealm is one of the premade pouch packing machine manufacturers in China. We are manufacturing and supplying all kinds of premade bag packing machines at low cost, such as single station premade pouch packing machine, double station pick fill seal machine, mini doypack packing machine, automatic linear premade stand up zipper pouch packaging machine for granules, premade zip lock bag powder filling machine, premade liquid spout pouch filling and sealing machine, etc.
- All kinds of premade bag liquid filling sealing machine can be custom designed and fabricated to your specific specifications or requirements.

Parameters:
