ARLM-160A Automatic Round Bottle Labeling Machine (Linear Type)

ARLM-160A Automatic Labeling Machine can meet the needs of semi-circle labeling, bottle labeling switching between simple, convenient adjustment;

Wide application range: self-adhesive labels, adhesive film, electronic monitoring code, bar code etc..

Application Industry: widely used in food, medicine, cosmetics, daily chemical, electronics, hardware, plastics and other industries.
Application example: PET round bottle labeling, plastic bottle labeling, canned food, etc.

Features:

1. Labeling quality, using standard of spring cover belt, labeling smooth, no wrinkles, improve packaging quality.
2. Flexible application, bottle stand vertical labeling, with automatic sub bottle function, can be stand-alone production, can also be connected to the production line.
3. Intelligent control, automatic photoelectric tracking, with no matter no labeling, no standard automatic calibration and label automatic detection function, prevent leakage and label waste.
4. Simple adjustment, labeling speed, conveying speed, bottle speed can be achieved stepless speed regulation, according to the need to adjust.
5. Durable, using three bar adjustment mechanism, make full use of triangular stability, solid durable machine. Made of stainless steel and advanced aluminum alloy, accord with CE Production requirements.

Parameter:

Model	ARLM-160A
Power	550W
Filling speed	10-50PCS/min
Filling accuracy	±1%
Bottle diameter	30-120mm
Bottle high	10-500mm
Lable Weight	20-100mm
Lable Hight	30-180mm
