

KENO-F108 Semi-Automatic Piston Type Ointment Filling Machine

This machine is the semi-automatic piston type ointment filling machine. This machine is reasonable in design, small and exquisite in model, the pneumatic part adopts the pneumatic components of Germany FESTO and Taiwan AIRTAC.

The part contacting materials is made of 316L stainless steel. Both filling volume and filling speed can be adjusted at will, and filling accuracy is high.

Filling head adopts anti-leakage and lifting filling device.

Parameter

- Power supply: 220/110V 50/60Hz
- Air pressure: 0.4-0.6MPa
- Filling speed: 5-20 Bottles/min
- Filling accuracy: 0.01
- Filling range: 25-60ml; 50-125ml; 100-250ml; 200-500ml; 400-1000ml; 900-2500ml; 2200-5000ml
