

HB 40 Automatic Stretch Banding and Shrink Wrapping Machine for Cartons

HB 40 is an automatic stretch banding and shrink wrapping machine for cartons. Its balcony design allows maximum accessibility to all main parts for optimizing maintenance and increases operator friendly environment through PLC control system with a touch panel.

Features

- PLC control system and HMI touch screen
- Balcony construction for separating mechanical part from operation part
- Servo driven system
- Fully automatic in-line with downstream machine or stand-alone operation
- Fast & easy format changeover
- GMP compliant design
- Available for 21 CFR Part 11

Specification

Model	HB 40
Output	20 rpm
Bundle Size	A: 60 - 350 mm
	B: 30 - 220 mm
	C: 65 - 200 mm
PE Film	T: 40 - 70 μ m
	W: 40 - 170 mm
