

PFB-P10 Granulation Unit

The PFB-P10 is a pilot scale fluid bed system capable of performing, granulating, drying and coating processes in a single unit.

Product Features

- Drying
- Granulating [Top Spray]
- Coating [Bottom Spray]
- HMI

Technical Parameters

Model			PFB-P10
Container Volume	[ℓ]		90
Working Capacity	Drying *	[kg]	16
	Granulating *	[kg]	13
	Coating *	[kg]	10
Expansion Chamber Diameter	[mm]		Ø 556
Fan Air Volume	[CMM]		10
Fan Power	[kW]		6.3
Heating Capacity	[kW]		15
Heating Capacity	[kcal/h]		12,900
Compressed Air Pressure	[bar]		6
Dimension, Machine	[mm]		1,740 x 1,282 x 2,095
Weight, Machine	[kg]		1,500
Power Supply Data			220/380/400/415/440/460Vac, 3Ph, 50/60Hz
Control Power			24Vdc

* Specific Gravity 0.5
