GURKI

GPK-30H15 E-commerce Carton Erector

Gurki e-commerce carton erector GPK-30H15 is specially designed for the e-commerce industry, which meets the demand of 15 boxes per minute, is equivalent to 10 times of manual sealing. It can solve the problems of large quantity of packaging and slow packaging in e-commerce peak season. At the same time, it does not need any maintenance. It can be used immediately as long as it is powered on. It can be equipped with weighing, labeling, scanning and other equipment you need, and also can be connected to the warehousing system to complete the whole warehousing and shipping inventory.

FEATURES

- Suitable for small cartons: Small carton packing machine specially developed for the e-commerce industry.
- Matching use: Including front-end labeling machine and back-end baler.
- Docking system: can be connected to e-commerce and warehousing system for automatic counting.
- Save manpower: the unpacking of goods is replaced by machines.
- High efficiency: stable unpacking speed, higher efficiency.
- Safer: the machine is equipped with safety protection measures, and the operation is more assured.

SPECIFICATIONS

MODEL	GPK-30H15
Carton Opening Speed	15 cases/min
Carton Size	Length: 150-260mm Width: 80-200mm Height: 90-200mm
Power Supply	220V 50/60Hz 1 Phase

Power	240W
Adhesive Tape Width	30-50mm, 2 inch
Carton Storage Quantity	80~100pcs (1000mm)
Air Consumption	450NL/min
Table Height	650+30mm
Machine dimension	L1800×W1800×H1350mm
Machine Weight	350KG
