

JT-210+610E Flat and Side Labeling Machine

This machine is suitable for labeling the body and top of various square or circular containers that can stand stably, and can be used for online production or standalone operation.

Characteristic:

1. PLC combined with human-machine interface, intuitive operation, simple and clear
2. The entire machine is made of stainless steel and aluminum alloy, which are rust free and comply with GMP requirements.
3. This machine has functions such as bottle alignment, bottle separation, fitting, label smoothing, counting, etc
4. The position of the 4 labels can be easily adjusted.
5. Can be connected to conveyor belts for use on production lines.
6. Various special models can be customized according to customer requirements.

Technical Specifications:

1. Power supply: 110V/220V, 50/60Hz, 800W
2. Labeling speed: 0-25 meters/minute
3. Labeling accuracy: ± 1 mm (excluding errors between the object being labeled and the label itself)
4. Bottle sizes: 15-100mm, (special sizes can be customized for specific models)
5. Label height: 10-200 (special sizes can be customized for specific models)
6. Label roll diameter: inner diameter of paper roll 76mm, outer diameter (maximum) 360mm
7. Machine dimensions: length * width * height=2000 * 1050 * 1300mm
