

Strip Sealing Machine

SALIENT FEATURES

Strip Sealing Machine is built on advanced technology to fulfill the requirement in pharmaceutical packing industry. Strip Sealing Machine gives high speed and uninterrupted performance at low maintenance cost. They are ideal for high speed sealing of coated or uncoated tablets, capsules or lozenges of any shape or size in aluminum foil, polythene, cellophane or any other heat sealing material.

APPLICATIONS

Pharmaceutical Tablets, Hard gelatin capsules, Granules, Draggers, Powders etc. Also Sugar Cubes, Lozenges, Biscuits, Chewing Gums, Toffees, Buttons, Pins, Pencil Batteries, Small ball bearings and many other small components.

TECHNICAL SPECIFICATIONS

Models	2 Track	4 Track	6 Track	8 Track	10 Track
Output Max Tabs / min	600	1200	1800	2400	3000
Foil Width Max mm	70	140	210	250	300
Motor Power kw	0.37	.037	0.37	0.56	0.56
Heating Load w	2x500	2x750	2x1000	2x1200	2x1500
Machine Dimensions (Unpacked)					
Height With Stand mm	1830	1830	1830	1830	1830
Height Without Stand mm	1600	1600	1600	1600	1600
Width mm	1320	1320	1320	1320	1320
Depth mm	890	960	1030	1100	1150
Machine Weight approx Kg	360	400	440	480	520
