

Automatic Shrinking Machine GPS-5030LW

Product Details:

This shrink wrapping machine with visualization window is a new developed constant temperature shrinking machine with much lower energy consumption, adopting advanced international technology, high efficiency, easy to operate.

Model	GPS-5030LW
Power supply	380V、50/60Hz、3 ϕ
Power	16KW
Packing speed	20-60 pcs/min
Highest temperature	250°C
Turnl size	L1500×W500×H300mm
Machine dimension	L2000×W1100×H1250mm
Machine weight	650kg
Packing size	L1200×W450×H250mm
