

Automatic Double Sides Labeling Machine with Code Printer MT-3510-1

Application:

- Printing Date, Batch code on Label and then sticking Label Products Sides
- Widely used in chemical, cosmetics, pharmaceuticals, food industries, provide solutions for the packaging line
- Products Applicable: all kinds of products, not too small, Labeling On Sides
- Labels Applicable: adhesive paper stickers in roll

Features:

- Labeling machine produced accordance with GMP Standard and CE certificated
- Automatic Double Sides Labeling and with Code Printer for Labels
- 2 Labeling Heads, Label double sides at same time
- Adjustable for Different Sizes products Labeling
- Easy to operate, labeling controlled by PLC and touch screen
- Bottle dispenser, Adjustment mechanism and Pressure mechanism to insure Labeling Steadily and Accurate
- strong S/S frame construction, all the electronics parts are imported from Germany, Japan, France, USA
- Work independently or connected to a production line
- High Working Speed and Accuracy, no products, no labeling

Function:

- Sensor for Clear or Bronzing Labels

Technical Parameters:

Production capacity	1800-9000BPH (related to product size)
Labeling precision	$\pm 1\text{mm}$ (exclude product and label error)
Product size applicable	$20\text{mm} \leq \text{product width} \leq 200\text{mm}$; $\text{length} \geq 40\text{mm}$
Label size applicable	$10\text{mm} \leq \text{width} \leq 150\text{mm}$; $\text{length} \geq 10\text{mm}$
Power supply	220V 50Hz, 1.0KW
Machine size	$3000 \times 2000 \times 1400\text{mm}^3$
Weight	350KG
