

## **Automatic Cellophane Film Overwrapping Machine Suppliers LG-BZ400A/LG-BZ400AG**

As a cellophane overwrapping machine suppliers, we have been focusing on the development and production of cellophane overwrapping machines for more than 8 years. Our machines all use the most advanced systems and high-quality parts, which can help improve the performance of the machine and extend the service life of the machine.

### **Cellophane Overwrapping Machine Use:**

The cellophane film wrapping machine can use cellophane to wrap a variety of products, cards, perfume box, medicine box, cigarette box, health products, etc. Most importantly, if you need to change the mold, there is no need to adjust the height of the workbench.

### **Cellophane Overwrapping Machine Features:**

Easy operation of the machine, just follow the operation manual.

The machine is made of unique materials and anti-wear. It overcomes the defect of easy wear of traditional cutting machine and effectively extends the machine life.

The cellophane film wrapping machine adopts the advanced dual protection mechanism, which can ensure that other spare parts will not be damaged to the maximum extent when the machine is running.

The original swing device can effectively prevent the machine from shaking and ensure the safety of operators.

Can custom safety mask according to customer needs.

As the cellophane overwrapping machine suppliers, we always put customer requirements first. When the machine is finished, it has been strictly tested, which can ensure the stable performance of the machine. We also welcome customers to visit our factory to inspect the machines, if you are going to our factory, please contact us, we will arrange driver pick you up at airport or station.
