

## *Automatic Top Labelling Machine*

Worldpack Top Labelling Machine labels 20 to 25 containers per minute. Made out of 304 stainless steel, the system is compact, durable and versatile. All moving parts are covered for added safety. The conveying system is equipped with VFDs to enable variable speed depending upon product requirements. Other standard features include no changing parts, colour touch display for easy access and control and password protection.

### **Applications**

## Technical Specifications

SPEED	40-240 PPM (DEPENDS ON PRODUCT)
ROLL O.D.	280MM
LABEL MATERIAL	PAPER/ FILM/ PP/ PE
LABEL DIMENSIONS	MIN: 25X 25MM MAX: 250 X250MM
MOC	SS 304
POWER SUPPLY / CONSUMPTION	220VAC/ 50HZ/ SINGLE PHASE/1.5KW
OPERATING SYSTEM	STEPPER / SERVO - ALLEN BRADLEY/PANASONIC/B&R SYSTEM WITH TOUCH SCREEN HMI
MACHINE DIMENSIONS	2500MM X 540MM X 1900MM (L X B X H)
WEIGHT	250 KGS
PRINTER	CIJ CAN BE INTEGRATED WITH THE MACHINE
APPLICATION	TOP LABELLING / HOLOGRAM APPLICATION / L-SEAL
OPTIONAL	SHROUD
