Automatic Flat Labeling Machine XQ-TBF

A labeling machine or label applicator, is a machine that put the label on the product and wipe on to assure adhesion. The labeling machine is popular in these area, such as bulk mailing, manufacturing, packaging, food and beverage, fast food, photo labs, and more.

Function & Features

- Adopt mature technology PLC control system, operation is stable and high -speed.
- Using touch-screen control operating system, simple, practical, efficient.
- Screw adjustment mechanism press bottle move accurately.
- Synchronization chain mechanism ensure labeling smooth.
- Advanced technology of pneumatic code system.
- Print the batch number and expiry date clearly.
- Transmission-type roll label device, make sure the label attached more firmly.

Technical Parameters

Model	XQ-TBF
Labeling Speed	30-200 pcs/min
Product Height	30-200 mm
Product Thickness	20-200 mm
Label Height	5-180 mm
Label Length	20-300 mm
Labeling Accuracy	±1 mm
Power	220V 50/60Hz 0.75Kw
Machine Size (L*W*H)	2000*700*1600 mm
