## *Automatic Powder Packing Machine for Spices*

Automatic powder packing machine can complete all the work such as the measuring, bag forming, filling, sealing, coding, printing, cutting, counting and so on. Widely used to packaging powder in pharmaceutical, food, cosmetics, chemical and other industries.

### **Advantages:**

1. Touch screen display, simple operation, stable performance, reliable quality.
2. The bag length is accurate and easy to adjust.
3. Heat sealing temperature controller to ensure the sealing quality.
4. Replace some parts, it can realize three sides seal, four sides seal, flat bag and pillow bag, bags with hanging holes, continuous bags, stand-up pouch, stick sachet, bag with special cut etc.
5. The electrical sensor detects the color on the packing film to keep a perfect picture on each bag.
6. The packaging volume is adjustable within the range.
7. Automatically coder printer, can printing date and batch number.
8. Machine is made of stainless steel, easy to clean.

### **Application:**

1. Various kinds of powder, such as: food additives, milk powder, soybean powder, protein powder, Chinese herb powder, medicine powder, spices, chili, curry, tea powder, seasoning, starch, baking powder, washing powder, sugar, salt etc.
2. Packaging materials: Paper/ PE, PT / PE, PET / Plated Al / PE, PET / PE, tea filter paper etc

### **Operation:**

1. Set the data by the touch screen
2. Feeding the raw material into the hopper. Can continuously feeding with screw feeder or vacuum conveyor.
3. It will work automatically to finished bags.

## Parameter

Bag style	Back seal/3 sides seal/4 sides seal
Packing speed	24-60 bag/min
Bag length	30-180mm
Bag width	25-145mm (Need to replace the Former)
Filling range	2-1000g
Power Consumption	2.2kw
Weight	280kg
Dimensions	650*1050*1950mm
Carton Size	1100*750*1820mm
