

Counting DJD 1B

The single-file equipment counts and fills capsules, soft gels, normal tablets, special shape tablets, coating tablets, pills and most solid granules in small bags. Counts by infrared and sensor that doesn't wear or break the product and is compatible with all kinds of materials. Can accomplish bag forming, counting, filling, bag sealing and printing at the same time.

Modularized design for very easy cleaning and disassembling, only need to change a couple of parts when shifting between different products.

Application:

Auto bag forming, counting, filling and bag sealing and printing at the same time.

Suitable for filling in small bags with back sealing, 3 sides sealing, 4 sides sealing (according to user's requirements).

Technical Parameter:

Length of bag (mm)	80-400
Width of bag (mm)	80-250
Capacity (bags per minute)	5-50
Product Sensor (Infrared)	To count and detect breakage product

Working Range	lebih dari atau sama dengan 2 (adjustable)
Counting system	Nantong Hengli
Speed Control	T.W.T
Power Supply	220v ; 50 Hz
Power Consumption	4
Weight	50-600
Dimension (L x W x H) mm	1050x1250x1650
Main Motor	GPG (China)
HMI	HITECH (Taiwan)
Electrical Part	Schneider (France)
Emergency stop	Stop main machine in case of emergency situation
