

ZHB-180 Bottle Cartoning Machine

ZHB-180 is mechatronic product with high technology which can operate constantly. The machine adopts the advanced transmission technique abroad. Every move is controlled by encoder, PLC, pneumatic product, and mechanism. The speed is adjusted by inverter, so speed is high and stable. The machine has many advantages, such as advance structure, easy operation, failure display, and easy maintenance. The machine consist leaflet folding machine and carton packing machine. It is also equipped with bottle feeding system and batch auto printing device.

Application:

For cartooning bottles.

Technical parameters:

Production Capacity (cartons/min)	kurang dari atau sama dengan 180
Power (KW)	2.2
Size of carton box Min. (L x W x H) mm	60x20x14
Size of carton box Max. (L x W x H) mm	230x140x80
Quality of Leaflets	55 g/m ² to 65 g/m ²
Quality of Carton Box Material	250 g/m ² to 300 g/m ²
Compressed air (Mpa)	0.5-0.8
Air Consumption (M3/min)	lebih dari atau sama dengan 0.3
Weight	3000
Dimension (L x W x H) mm	4100x1250x1650
