- Sealing Jaws cover protector.

Additional Info:

Bag Styles:	Pillow Bag, Stick Bag
Bag Width:	30 to 135mm (1.2 to 5.3")
Bag Length:	30 to 180mm (1.2 to 7")
Product Characteristic:	Powders
Dosing System Compatible:	Auger Filler Integrated
Running Motion:	Intermittent
Working Efficiency:	40-80 Bags/Min
Control By:	MCU with LCD
Date Coding Can Be:	Hot Stamping Coder
Options Available:	Perforation, SS Frame
Film & Reel:	0.04-0.12mm (30-120mic.) Reel Max.Dia.400mm (15.8") Max. Reel Width 300mm (11.8")
Power & Voltage:	2.0KW
Compress Air:	No Request
Dimensions:	650*850*1650mm (25.6*33.5*65")
Machine Weight:	300 KGS
