

## Automatic Vertical Granule Food Packing Machine Manufacturer With Multihead Weigher RL420

1. It is used for packing granule type materials, like food, dry fruit, biscuit, nuts, chips, fries, beans, candy etc.
2. Using multihead weigher to get the fast and high precision measuring, the precision could be +0.1g, has a weighing range 10g-2000kg. Max packing speed can get to 90 bags/min.

### Technical Parameters:

Model	RL420
Packing Speed	≤80bags/min
Bag Size Range	L80~300mm; W80~200mm
Bag Type	3-side seal bag / 4-side seal bag / pillow bag / gusset bag
Electrical Type	AC220V/50HZ
Power	3KW
Compressed Air	0.6-0.8Mpa
Machine Weight	500kg
Machine Dimension	L1350*W1100*H1700mm
