

YCW300 Gen-Purpose Check Weigher Easy Weight

The machine can automatically reject underweight and overweight products from the line.

Application: to weigh products automatically, suitable for inspecting the weight of single products, as well as for inspecting the whole carton for missing items.

Technical Parameters:

Checking range	Kurang dari atau sama dengan 3000 g
Accuracy	$\pm 0.5 \text{ g} - \pm 2.0$
Minimum scale	0.1 g
Throughput	20-110 m/min
Optimal throughput (pcs/min)	80
Suitable product dimension (mm) L	kurang dari atau sama dengan 300 g
Suitable product dimension (mm) W	kurang dari atau sama dengan 300
Weight belt dimension (mm) L	450
Weight belt dimension (mm) W	300
Rate Power (Kw)	0.4
Compressed Air	0.6-1 Mpa
Nozzle Connector Type	$\text{Ø}8 \text{ mm}$
Control Module	High speed A/D Sampling Module
Product Preset	99
Rejecter	Swing Arm
Dimension (L x W x H) mm	1700x878x1385
