

## TMZP100 Flow Wrapper Pillow Packing Machine

This flow wrapper pillow packing machine is applicable for packing various solid regular objects, such as biscuits, cookies, ice pops, snow cake, chocolate, candy, medicine, hotel soaps, daily items, hardware parts and so on.

In-feed part can be customized according to actual needs.

It can communicate with upstream and downstream machines if needed.

### Product introduction

- This flow wrapping machine is the first invented model with 220 bags per minute stable speed, designing for small products, such as cake , biscuit, tissue, hardware parts
- Automatic machines for high productions. Horizontal packing using a single film coil with three weldings : two cross-weldings and one longitudinal welding. This type of packaging machine is aimed at food and non - food markets.

### Technical Parameters

Model	TMZP-100
Speed	35~220 pcs/min
Bag size	(L)65- 200mm(W)30-90mm(H)5-30mm
Film Width	65~220mm
Film Material	OPP/CPP PT/PE KOP/CPP ALU-FOIL
Dimension	(L)4000mmX(W)850mmX(H)1600mm
Heat power	2.4kW
Motor power	0.6kW
Total power	3kW
Overall weight	550kg
