

N-2T100 Electric Small Packaging Machine

The 2-head 100g electric small packaging machine produced by Jieding is suitable for quantitative, weighing, filling, and sealing of particles, powders, and materials such as rice, millet, grains, vegetable seeds, cat food, dog food, fertilizer feed, nut seeds, corn seeds, coffee beans, coffee powder, flour, pepper powder, seasoning powder, etc.

Technical parameters:

- Name: 2-head 100g electric small packaging machine
- Sealing method: Three sided sealing/back sealing
- Bag size: film width 5-20cm, firmly sealed 1-18cm
- Weighing range: 1-100 grams
- Packaging speed: 15-25 times/minute (varies depending on material)
- Precision: plus or minus 0.2 grams (varies by material)
- Hopper capacity: Rice: about 8 pounds, flour: about 6 pounds
- Voltage/Power: 220V/500W (can be changed to 110V)
- Machine weight: 56KG
- External dimensions: 48 * 74 * 146CM (length, width, height)
